■ Case Management

Case Management is a service provided through a Review Organization, which assists individuals with treatment needs that extend beyond the acute care setting. The goal of Case Management is to ensure that patients receive appropriate care in the most effective setting possible whether at home, as an outpatient, or an inpatient in a Hospital or specialized facility. Should the need for Case Management arise, a Case Management professional will work closely with the patient, his or her family and the attending Physician to determine appropriate treatment options which will best meet the patient's needs and keep costs manageable. The Case Manager will help coordinate the treatment program and arrange for necessary resources. Case Managers are also available to answer questions and provide ongoing support for the family in times of medical crisis.

Case Managers are Registered Nurses (RNs) and other credentialed health care professionals, each trained in a clinical specialty area such as trauma, high risk pregnancy and neonates, oncology, mental health, rehabilitation or general medicine and surgery. A Case Manager trained in the appropriate clinical specialty area will be assigned to you or your Dependent. In addition, Case Managers are supported by a panel of Physician advisors who offer guidance on up-to-date treatment programs and medical technology. While the Case Manager recommends alternate treatment programs and helps coordinate needed resources, the patient's attending Physician remains responsible for the actual medical care.

- You, your dependent or an attending Physician can request Case Management services by calling the **toll-free number** shown on your ID card during normal business hours, Monday through Friday. In addition, your employer, a claim office or a utilization review program (see the PAC/CSR section of your certificate) may refer an individual for Case Management.
- The Review Organization assesses each case to determine whether Case Management is appropriate.
- You or your Dependent is contacted by an assigned Case Manager who explains in detail how the program works. Participation in the program is voluntary - no penalty or benefit reduction is imposed if you do not wish to participate in Case Management.
- Following an initial assessment, the Case Manager works with you, your family and Physician to determine the needs of the patient and to identify what alternate treatment programs are available (for example, in-home medical care in lieu of an extended Hospital convalescence). You are not penalized if the alternate treatment program is not followed.
- The Case Manager arranges for alternate treatment services and supplies, as needed (for example, nursing services or a Hospital bed and other Durable Medical Equipment for the home).

Special Plan Provisions - Continued

- The Case Manager also acts as a liaison between the insurer, the patient, his or her family and Physician as needed (for example, by helping you to understand a complex medical diagnosis or treatment plan).
- Once the alternate treatment program is in place, the Case Manager continues to manage the case to ensure the treatment program remains appropriate to the patient's needs.

While participation in Case Management is strictly voluntary, Case Management professionals can offer quality, cost-effective treatment alternatives, as well as provide assistance in obtaining needed medical resources and ongoing family support in a time of need.

Important Information About Your Medical Plan

Details of your medical benefits are described on the following pages.

■ Opportunity to Select a Primary Care Physician

Choice of Primary Care Physician:

Important Information About Your Medical Plan - Continued

This medical plan does not require that you select a Primary Care Physician or obtain a referral from a Primary Care Physician in order to receive all benefits available to you under this medical plan. Notwithstanding, a Primary Care Physician may serve an important role in meeting your health care needs by providing or arranging for medical care for you and your Dependents. For this reason, we encourage the use of Primary Care Physicians and provide you with the opportunity to select a Primary Care Physician from a list provided by Cigna for yourself and your Dependents. If you choose to select a Primary Care Physician, the Primary Care Physician you select for yourself may be different from the Primary Care Physician you select for each of your Dependents.

Changing Primary Care Physicians:

You may request a transfer from one Primary Care Physician to another by contacting us at the member services number on your ID card. Any such transfer will be effective on the first day of the month following the month in which the processing of the change request is completed.

Medical Benefits

Open Access Plus Medical Benefits The Schedule

For You and Your Dependents

Open Access Plus Medical Benefits provide coverage for care In-Network and Out-of-Network. To receive Open Access Plus Medical Benefits, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Copayment, Deductible or Coinsurance.

If you are unable to locate an In-Network Provider in your area who can provide you with a service or supply that is covered under this plan, you must call the number on the back of your I.D. card to obtain authorization for Out-of-Network Provider coverage. If you obtain authorization for services provided by an Out-of-Network Provider, benefits for those services will be covered at the In-Network benefit level.

Coinsurance

The term Coinsurance means the percentage of Covered Expenses that an insured person is required to pay under the plan in addition to Deductible, if any.

Copayments/Deductibles

Copayments are amounts to be paid by you or your Dependent for covered services. Deductibles are Covered Expenses to be paid by you or your Dependent before benefits are payable under this plan. Deductible amounts are separate from and not reduced by Copayments. Copayments and Deductibles are in addition to any Coinsurance. Once the Deductible maximum in the Schedule has been reached, you and your family need not satisfy any further medical deductible for the rest of that year.

Out-of-Pocket Expenses - For In-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for charges that are not paid by the benefit plan because of any Deductibles, Copayments or Coinsurance. Such Covered Expenses accumulate to the Out-of-Pocket Maximum shown in The Schedule. When the Out-of-Pocket Maximum is reached, all Covered Expenses, except charges for non-compliance penalties, are payable by the benefit plan at 100%.

Out-of-Pocket Expenses - For Out-of-Network Charges Only

Out-of-Pocket Expenses are Covered Expenses incurred for Out-of-Network charges that are not paid by the benefit plan. The following expenses contribute to the Out-of-Pocket Maximum, and when the Out-of-Pocket Maximum shown in The Schedule is reached, they are payable by the benefit plan at 100%:

- Coinsurance.
- Plan Calendar Year Deductible.
- Copayments.

Once the Out-of-Pocket Maximum is reached for covered services that apply to the Out-of-Pocket Maximum, copayments are no longer required.

■ Certification Requirements - Out-of-Network

For You and Your Dependents

Pre-Admission Certification/Continued Stay Review for Hospital Confinement

Pre-Admission Certification (PAC) and Continued Stay Review (CSR) refer to the process used to certify the Medical Necessity and length of a Hospital Confinement when you or your Dependent require treatment in a Hospital:

- as a registered bed patient, except for 48/96 hour maternity stays;
- for Mental Health or Substance Use Disorder Residential Treatment Services.

You or your Dependent should request PAC prior to any non-emergency treatment in a Hospital described above. In the case of an emergency admission, you should contact the Review Organization within 48 hours after the admission. For an admission due to pregnancy, you should call the Review Organization by the end of the third month of pregnancy. CSR should be requested, prior to the end of the certified length of stay, for continued Hospital Confinement.

Covered Expenses incurred will not include the first \$750.00 of Hospital charges made for each separate admission to the Hospital unless PAC is received: prior to the date of admission; or in the case of an emergency admission, within 48 hours after the date of admission.

Covered Expenses incurred for which benefits would otherwise be payable under this plan for the charges listed below will not include:

- Hospital charges for Room and Board, for treatment listed above for which PAC was performed, which are made for any day in excess of the number of days certified through PAC or CSR; and
- any Hospital charges for treatment listed above for which PAC was requested, but which was not certified as Medically Necessary.

PAC and CSR are performed through a utilization review program by a Review Organization with which Cigna has contracted.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the “Coordination of Benefits” section.

Outpatient Certification Requirements - Out-of-Network

Outpatient Certification refers to the process used to certify the Medical Necessity of outpatient diagnostic testing and outpatient procedures, including, but not limited to, those listed in this section when performed as an outpatient in a Free-Standing Surgical Facility, Other Health Care Facility or a Physician's office. You or your Dependent should call the toll-free number on the back of your I.D. card to determine if Outpatient Certification is required prior to any outpatient diagnostic testing or outpatient procedures. Outpatient Certification is performed through a utilization review program by a Review Organization with which Cigna has contracted. Outpatient Certification should only be requested for non-emergency procedures or services, and should be requested by you or your Dependent at least four working days (Monday through Friday) prior to having the procedure performed or the service rendered.

Medical Benefits - Continued

Covered Expenses incurred will not include the first \$750.00 for charges made for any outpatient diagnostic testing or outpatient procedure performed unless Outpatient Certification is received prior to the date the testing or procedure is performed.

Covered Expenses incurred will not include expenses incurred for charges made for outpatient diagnostic testing or outpatient procedures for which Outpatient Certification was performed, but, which was not certified as Medically Necessary.

In any case, those expenses incurred for which payment is excluded by the terms set forth above will not be considered as expenses incurred for the purpose of any other part of this plan, except for the “Coordination of Benefits” section.

Transplant Services and Related Specialty Care

Charges made for human organ and tissue transplant services which include solid organ and bone marrow/stem cell procedures at designated facilities throughout the United States or its territories. This coverage is subject to the following conditions and limitations.

Transplant services include the recipient's medical, surgical and Hospital services; inpatient immunosuppressive medications; and costs for organ or bone marrow/stem cell procurement. Transplant services are covered only if they are required to perform any of the following human to human organ or tissue transplants: allogeneic bone marrow/stem cell, autologous bone marrow/stem cell, cornea, heart, heart/lung, kidney, kidney/pancreas, liver, lung, pancreas or intestine which includes small bowel-liver or multi-visceral. Implantation procedures for artificial heart, percutaneous ventricular assist device (PVAD), extracorporeal membrane oxygenation (ECMO), ventricular assist device (VAD), and intra-aortic balloon pump (IABP) are also covered.

- All transplant services and related specialty care services, other than cornea transplants, are covered when received at Cigna LifeSOURCE Transplant Network[®] facilities.

- Cornea transplants received at a facility that is specifically contracted with Cigna for this type of transplant are payable at the In-Network level.

Coverage for organ procurement costs are limited to costs directly related to the procurement of an organ, from a cadaver or a live donor. Organ procurement costs shall consist of hospitalization and surgery necessary for removal of an organ and transportation of a live donor (refer to Transplant and Related Specialty Care Travel Services). Compatibility testing undertaken prior to procurement is covered if Medically Necessary. Costs related to the search for, and identification of a bone marrow or stem cell donor for an allogeneic transplant are also covered.

Medical Benefits - Continued

Advanced cellular therapy, including but not limited to, immune effector cell therapies and Chimeric Antigen Receptor Therapy (CAR-T) cellular therapy, is covered when performed at a Cigna LifeSOURCE Transplant Network[®] facility with an approved stem cell transplant program. Advanced cellular therapy received at any other facility, including non-Participating Provider facilities and Participating Provider facilities not specifically contracted with Cigna for advanced cellular therapy, are covered at the Out-of-Network level.

Transplant and Related Specialty Care Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a pre-approved organ/tissue transplant are covered subject to the following conditions and limitations:

- Transplant and related specialty care travel benefits are not available for cornea transplants.
- Benefits for transportation and lodging are available to the recipient of a pre-approved organ/tissue transplant and/or related specialty care from a designated Cigna LifeSOURCE Transplant Network[®] facility.
- The term recipient is defined to include a person receiving authorized transplant related services during any of the following: evaluation, candidacy, transplant event, or post-transplant care.
- Travel expenses for the person receiving the transplant will include charges for: transportation to and from the designated Cigna LifeSOURCE Transplant Network[®] facility (including charges for a rental car used during a period of care at the Cigna designated LifeSOURCE Transplant Network[®] facility); and lodging while at, or traveling to and from the Cigna LifeSOURCE Transplant Network[®] facility.
- In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.
- The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

These benefits for Transplant Services and Related Specialty Care, and for Transplant and Related Specialty Care Travel Services are only available when the covered person is the recipient of an organ/tissue transplant. Travel expenses for the designated live donor for a covered recipient are covered subject to the same conditions and limitations noted above.

Charges for the expenses of a donor companion are not covered. No transplant and related specialty care services or travel benefits are available when the covered person is the donor for an organ/tissue transplant; the transplant recipient's plan would cover all donor costs.

Medical Pharmaceuticals

The plan covers charges made for Medical Pharmaceuticals that may be administered in an Inpatient setting, Outpatient setting, Physician's office, or in a covered person's home.

Benefits under this section are provided only for Medical Pharmaceuticals that, because of their characteristics as determined by Cigna, require a qualified licensed health care professional to administer or directly supervise administration.

Medical Benefits - Continued

Certain Medical Pharmaceuticals are subject to prior authorization requirements or other coverage conditions. Additionally, certain Medical Pharmaceuticals are subject to step therapy requirements. This means that in order to receive coverage, the covered person may be required to try a specific Medical Pharmaceutical before trying others. Medical Pharmaceuticals administered in an Inpatient facility are reviewed per Inpatient review guidelines.

Cigna determines the utilization management requirements and other coverage conditions that apply to a Medical Pharmaceutical by considering a number of factors, including, but not limited to:

- Clinical factors, which may include but are not limited to Cigna's evaluations of the site of care and the relative safety or relative efficacy of Medical Pharmaceuticals.
- Economic factors, which may include but are not limited to the cost of the Medical Pharmaceutical and assessments of cost effectiveness after rebates.

The coverage criteria for a Medical Pharmaceutical may change periodically for various reasons. For example, a Medical Pharmaceutical may be removed from the market, a new Medical Pharmaceutical in the same therapeutic class as a Medical Pharmaceutical may become available, or other market events may occur. Market events that may affect the coverage status of a Medical Pharmaceutical include, but are not limited to, an increase in the cost of a Medical Pharmaceutical.

Certain Medical Pharmaceuticals that are used for treatment of complex chronic conditions, are high cost, and are administered and handled in a specialized manner may be subject to additional coverage criteria or require administration by a participating provider in the network for the Cigna Pathwell Specialty Network. Cigna determines which injections, infusions, and implantable drugs are subject to these criteria and requirements.

The Cigna Pathwell Specialty Network includes but is not limited to contracted physician offices, ambulatory infusion centers, home and outpatient hospital infusion centers, and contracted specialty pharmacies. When the Cigna Pathwell Specialty Network cannot meet the clinical needs of the customer as determined by Cigna, exceptions are considered and approved when appropriate.

A complete list of those Medical Pharmaceuticals subject to additional coverage criteria or that require administration by a participating provider in the Cigna Pathwell Specialty Network is available at www.cigna.com/PathwellSpecialty.

The following are not covered under the plan, including but not limited to:

- Medical Pharmaceutical regimens that have a Therapeutic Equivalent or Therapeutic Alternative to another covered Prescription Drug Product(s);
- Medical Pharmaceuticals newly approved by the Food & Drug Administration (FDA) up to the first 180 days following its market launch;
- Medical Pharmaceutical regimens for which there is an appropriate lower cost alternative for treatment.

In the event a covered Medical Pharmaceutical is not clinically appropriate, Cigna makes available an exception process to allow for access to non-covered drugs when Medically Necessary.

Cigna may consider certain Medical Pharmaceutical regimens as preferred when they are clinically effective treatments and the most cost effective. Preferred regimens are covered unless the covered person is not a candidate for the regimen and a Medical Necessity coverage exception is obtained.

Medical Benefits - Continued

Gene Therapy

Charges for gene therapy products and services directly related to their administration are covered when Medically Necessary. Gene therapy is a category of pharmaceutical products approved by the U.S. Food and Drug Administration (FDA) to treat or cure a disease by:

- replacing a disease-causing gene with a healthy copy of the gene.
- inactivating a disease-causing gene that may not be functioning properly.
- introducing a new or modified gene into the body to help treat a disease.

Each gene therapy product is specific to a particular disease and is administered in a specialized manner. Cigna determines which products are in the category of gene therapy, based in part on the nature of the treatment and how it is distributed and administered.

Coverage includes the cost of the gene therapy product; medical, surgical, and facility services directly related to administration of the gene therapy product; and professional services.

Gene therapy products and their administration are covered when prior authorized to be received at In-Network facilities specifically contracted with Cigna for the specific gene therapy service. Gene therapy products and their administration received at other facilities are not covered.

Gene Therapy Travel Services

Charges made for non-taxable travel expenses incurred by you in connection with a prior authorized gene therapy procedure are covered subject to the following conditions and limitations.

Benefits for transportation and lodging are available to you only when you are the recipient of a prior authorized gene therapy; and when the gene therapy products and services directly related to their administration are received at a participating In-Network facility specifically contracted with Cigna for the specific gene therapy service. The term recipient is defined to include a person receiving prior authorized gene therapy related services during any of the following: evaluation, candidacy, event, or post care.

Travel expenses for the person receiving the gene therapy include charges for: transportation to and from the gene therapy site (including charges for a rental car used during a period of care at the facility); and lodging while at, or traveling to and from, the site.

In addition to your coverage for the charges associated with the items above, such charges will also be considered covered travel expenses for one companion to accompany you. The term companion includes your spouse, a member of your family, your legal guardian, or any person not related to you, but actively involved as your caregiver who is at least 18 years of age.

The following are specifically excluded travel expenses: any expenses that if reimbursed would be taxable income, travel costs incurred due to travel within 60 miles of your home; food and meals; laundry bills; telephone bills; alcohol or tobacco products; and charges for transportation that exceed coach class rates.

Clinical Trials

Medical Benefits - Continued

This plan covers routine patient care costs and services related to an approved clinical trial for a qualified individual. The individual must be eligible to participate according to the trial protocol and **either** of the following conditions must be met:

- the referring health care professional is a participating health care provider and has concluded that the individual's participation in such trial would be appropriate; or
- the individual provides medical and scientific information establishing that the individual's participation in the clinical trial would be appropriate.

In addition to qualifying as an individual, the clinical trial must also meet certain criteria in order for patient care costs and services to be covered.

The clinical trial must be a phase I, phase II, phase III, or phase IV clinical trial conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition that meets **any** of the following criteria:

- it is a federally funded trial. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - * National Institutes of Health (NIH);
 - * Centers for Disease Control and Prevention (CDC);
 - * Agency for Health Care Research and Quality (AHRQ);
 - * Centers for Medicare and Medicaid Services (CMS);
 - * a cooperative group or center of any of the entities described above or the Department of Defense (DOD) or the Department of Veterans Affairs (VA);
 - * a qualified non-governmental research entity identified in NIH guidelines for center support grants.
- any of the following: Department of Energy, Department of Defense, Department of Veterans Affairs, if **both** of the following conditions are met:
 - * the study or investigation has been reviewed and approved through a system of peer review comparable to the system of peer review of studies and investigations used by the National Institutes of Health (NIH); and
 - * the study or investigation assures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- the study or investigation is conducted under an investigational new drug application reviewed by the U.S. Food and Drug Administration (FDA);
- the study or investigation is a drug trial that is exempt from having such an investigational new drug application.

The plan does not cover any of the following services associated with a clinical trial:

- services that are not considered routine patient care costs and services, including the following:
 - the investigational drug, device, item, or service that is provided solely to satisfy data collection and analysis needs;
 - an item or service that is not used in the direct clinical management of the individual;
 - a service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- an item or service provided by the research sponsors free of charge for any person enrolled in the trial.
- travel and transportation expenses, unless otherwise covered under the plan, including but not limited to the following:
 - fees for personal vehicle, rental car, taxi, medical van, ambulance, commercial airline, train;

Medical Benefits - Continued

- mileage reimbursement for driving a personal vehicle;
- lodging;
- meals.
- routine patient costs obtained out-of-network when Out-of-Network benefits do not exist under the plan.

Examples of routine patient care costs and services include:

- radiological services.
- laboratory services.
- intravenous therapy.
- anesthesia services.
- Physician services.
- office services.
- Hospital services.
- Room and Board, and medical supplies that typically would be covered under the plan for an individual who is not enrolled in a clinical trial.

Clinical trials conducted by Out-of-Network providers will be covered only when the following conditions are met:

- In-Network providers are not participating in the clinical trial; or
- the clinical trial is conducted outside the individual's state of residence.

Medical Conversion Privilege

For You and Your Dependents

When a person's Medical Expense Insurance ceases, he may be eligible to be insured under an individual policy of medical care benefits (called the Converted Policy).

A Converted Policy will be issued by Cigna only to a person who:

- resides in a state that requires offering a conversion policy,
- is Entitled to Convert, and
- applies in writing and pays the first premium for the Converted Policy to Cigna within 31 days after the date his insurance ceases. Evidence of good health is not needed.

Employees Entitled to Convert

You are Entitled to Convert Medical Expense Insurance for yourself and all of your Dependents who were insured when your insurance ceased but only if:

- you are not eligible for other individual insurance coverage on a guaranteed issue basis.
- your insurance ceased because you were no longer in Active Service or no longer eligible for Medical Expense Insurance.
- you are not eligible for Medicare.
- you would not be Overinsured.
- you have paid all required premium or contribution.
- you have not performed an act or practice that constitutes fraud in connection with the coverage.
- you have not made an intentional misrepresentation of a material fact under the terms of the coverage.
- your insurance did not cease because the policy in its entirety canceled.

If you retire, you may apply for a Converted Policy within 31 days after your retirement date in place of any continuation of your insurance that may be available under this plan when you retire, if you are otherwise Entitled to Convert.

Dependents Entitled to Convert

The following Dependents are also Entitled to Convert:

- a child who is not eligible for other individual insurance coverage on a guaranteed issue basis, and whose insurance under this plan ceases because he no longer qualifies as a Dependent or because of your death;
- a spouse who is not eligible for other individual insurance coverage on a guaranteed issue basis, and whose insurance under this plan ceases due to divorce, annulment of marriage or your death;
- your Dependents whose insurance under this plan ceases because your insurance ceased solely because you are eligible for Medicare;

but only if that Dependent: is not eligible for other individual insurance coverage on a guaranteed issue basis, is not eligible for Medicare, would not be Overinsured, has paid all required premium or contribution, has not performed an act or practice that constitutes fraud in connection with the coverage, and has not made an intentional misrepresentation of a material fact under the terms of the coverage.

Overinsured

A person will be considered Overinsured if either of the following occurs:

- his insurance under this plan is replaced by similar group coverage within 31 days.

Medical Conversion Privilege - Continued

- the benefits under the Converted Policy, combined with Similar Benefits, result in an excess of insurance based on Cigna's underwriting standards for individual policies.

Similar Benefits are: those for which the person is covered by another hospital, surgical or medical expense insurance policy, or a hospital, or medical service subscriber contract, or a medical practice or other prepayment plan or by any other plan or program; those for which the person is eligible, whether or not covered, under any plan of group coverage on an insured or uninsured basis; or those available for the person by or through any state, provincial or federal law.

Converted Policy

If you reside in a state that requires the offering of a conversion policy, the Converted Policy will be one of Cigna's current conversion policy offerings available in the state where you reside, as determined based upon Cigna's rules.

The Converted Policy will be issued to you if you are Entitled to Convert, insuring you and those Dependents for whom you may convert. If you are not Entitled to Convert and your spouse and children are Entitled to Convert it will be issued to the spouse, covering all such Dependents. Otherwise, a Converted Policy will be issued to each Dependent who is Entitled to Convert. The Converted Policy will take effect on the day after the person's insurance under this plan ceases. The premium on its effective date will be based on: class of risk and age; and benefits.

During the first 12 months the Converted Policy is in effect, the amount payable under it will be reduced so that the total amount payable under the Converted Policy and the Medical Benefits Extension of this plan (if any) will not be more than the amount that would have been payable under this plan if the person's insurance had not ceased. After that, the amount payable under the Converted Policy will be reduced by any amount still payable under the Medical Benefits Extension of this plan (if any). Cigna or the Policyholder will give you, on request, further details of the Converted Policy.

■ Covered Expenses

Your plan provides benefits for Prescription Drug Products dispensed by a Pharmacy. Details regarding your plan's Covered Expenses, which for the purposes of the Prescription Drug Benefit include Medically Necessary Prescription Drug Products ordered by a Physician, Limitations, and Exclusions are provided below and/or are shown in The Schedule.

If you or any one of your Dependents, while insured for Prescription Drug Benefits, incurs expenses for charges made by a Pharmacy for Medically Necessary Prescription Drug Products ordered by a Physician, your plan provides coverage for those expenses as shown in The Schedule. Your benefits may vary depending on which of the Prescription Drug List tiers the Prescription Drug Product is listed, or the Pharmacy that provides the Prescription Drug Product.

Coverage under your plan's Prescription Drug Benefits also includes Medically Necessary Prescription Drug Products dispensed pursuant to a Prescription Order or Refill issued to you or your Dependents by a licensed dentist for the prevention of infection or pain in conjunction with a dental procedure.

When you or a Dependent is issued a Prescription Order or Refill for Medically Necessary Prescription Drug Products as part of the rendering of Emergency Services and Cigna determines that it cannot reasonably be filled by a Network Pharmacy, the prescription will be covered pursuant to the, as applicable, Copayment or Coinsurance for the Prescription Drug Product when dispensed by a Network Pharmacy.

■ Prescription Drug List Management

Your plan's Prescription Drug List coverage tiers may contain Prescription Drug Products that are Generic Drugs, Brand Drugs or Specialty Prescription Drug Products. Determination of inclusion of a Prescription Drug Product to a certain coverage tier on the Prescription Drug List and utilization management requirements or other coverage conditions are based on a number of factors which may include, clinical and economic factors. Clinical factors may include, but are not limited to, the P&T Committee's evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or other utilization management requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, assessments on the cost effectiveness of the Prescription Drug Product and available rebates. Regardless of its eligibility for coverage under the plan, whether a particular Prescription Drug Product is appropriate for you or any of your Dependents is a determination that is made by you or your Dependent and the prescribing Physician.

The coverage status of a Prescription Drug Product may change periodically for various reasons. For example, a Prescription Drug Product may be removed from the market, a New Prescription Drug Product in the same therapeutic class as a Prescription Drug Product may become available, or other market events may occur. Market events that may affect the coverage status of a Prescription Drug Product include, but are not limited to, an increase in the acquisition cost of a Prescription Drug Product. As a result of coverage changes, for the purposes of benefits the plan may require you to pay more or less for that Prescription Drug Product, to obtain the Prescription Drug Product from a certain Pharmacy(ies) for coverage, or try another covered Prescription Drug Product(s). Please access the Prescription Drug List through the website shown on your ID card or call member services at the telephone number on your ID card for the most up-to-date tier status, utilization management, or other coverage limitations for a Prescription Drug Product.

Prescription Drug Benefits - Continued

■ Limitations

For most Prescription Drug Products you and your Dependent pay only the cost sharing detailed in The Schedule of Prescription Drug Benefits. However, in the event you or your Dependent insist on a more expensive Brand Drug where a Therapeutic Equivalent Generic Drug is available, you will be financially responsible for an Ancillary Charge, in addition to any required Brand Drug Copayment and/or Coinsurance. In this case, the Ancillary Charge will not apply to your Deductible, if any, or Out-of-Pocket Maximum. However, in the event your Physician determines that the Generic Drug is not an acceptable alternative for you (and indicates Dispensed as Written on the Prescription Order or Refill), you will only be responsible for payment of the appropriate Brand Drug Coinsurance and/or Copayment after satisfying your Deductible, if any.

Your plan includes a Brand Drug for Generic Drug dispensing program. This program allows certain Brand Drugs to be dispensed in place of the Therapeutic Equivalent Generic Drug at the time your Prescription Order or Refill is processed by a participating Pharmacy. Brand Drug for Generic Drug substitution will occur only for certain Brand Drugs included in the program. When this substitution program is applied, the participating Pharmacy will dispense the Brand Drug to you in place of the available Generic Drug. You will be responsible for payment of only a Generic Drug Copayment and/or Coinsurance, after satisfying your Deductible, if any.

■ Prior Authorization Requirements

Coverage for certain Prescription Drug Products prescribed to you requires your Physician to obtain prior authorization from Cigna or its Review Organization. The reason for obtaining prior authorization from Cigna is to determine whether the Prescription Drug Product is Medically Necessary in accordance with Cigna's coverage criteria. Coverage criteria for a Prescription Drug Product may vary based on the clinical use for which the Prescription Order or Refill is submitted, and may change periodically based on changes in, without limitation, clinical guidelines or practice standards, or market factors.

If Cigna or its Review Organization reviews the documentation provided and determines that the Prescription Drug Product is not Medically Necessary or otherwise excluded, your plan will not cover the Prescription Drug Product. Cigna, or its Review Organization, will not review claims for excluded Prescription Drug Products or other services to determine if they are Medically Necessary, unless required by law.

When Prescription Drug Products that require prior authorization are dispensed at a Pharmacy, you or your prescribing Physician are responsible for obtaining prior authorization from Cigna. If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed by the Pharmacy, you can ask us to consider reimbursement after you pay for and receive the Prescription Drug Product. You will need to pay for the Prescription Drug Product at the Pharmacy prior to submitting a reimbursement request.

When you submit a claim on this basis, you will need to submit a paper claim using the form that appears on the website shown on your ID card.

If a prior authorization request is approved, your Physician will receive confirmation. The authorization will be processed in the claim system to allow you to have coverage for the Prescription Drug Product. The length of the authorization may depend on the diagnosis and the Prescription Drug Product. The authorization will at all times be subject to the plan's terms of coverage for the Prescription Drug Product, which may change from time to time. When your Physician advises you that coverage for the Prescription Drug Product has been approved, you can contact a Pharmacy to fill the covered Prescription Order or Refill.

Prescription Drug Benefits - Continued

If the prior authorization request is denied, your Physician and you will be notified that coverage for the Prescription Drug Product is not authorized. If you disagree with a coverage decision, you may appeal that decision in accordance with the provisions of the plan by submitting a written request stating why the Prescription Drug Product should be covered.

■ Step Therapy

Certain Prescription Drug Products are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products you are required to try a different Prescription Drug Product(s) first unless you satisfy the plan's exception criteria. You may identify whether a particular Prescription Drug Product is subject to step therapy requirements at the website shown on your ID card or by calling member services at the telephone number on your ID card.

A step therapy protocol exception shall be granted if the required prescription drug is:

- contraindicated or will likely cause an adverse reaction or physical or mental harm to the patient or;
 - expected to be ineffective based on the known clinical characteristics of the patient and the known characteristics of the prescription drug regimen or;
 - is not in the best interest of the patient, based on Medical Necessity; or
- the covered person is;
- stable on a prescription drug selected by the patient's healthcare provider for the medical condition under consideration while on a current or previous health benefit plan.
 - a patient has tried the required prescription drug while under the patient's current or previous health benefit plan, or another prescription drug in the same pharmacologic class or with the same mechanism of action and the prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.

A request for a step therapy protocol exception shall be granted or denied within seventy-two (72) hours of receiving the request and twenty-four (24) hours of receiving the request for urgent cases.

You may appeal the denial of a request for a step therapy protocol exception. The health benefit plan shall grant or deny the appeal within seventy-two (72) hours of receiving the appeal and within twenty-four (24) hours of receiving the appeal for urgent cases.

If a response is not received within seventy-two (72) hours of receiving the initial request or appeal and within twenty-four (24) hours of receiving the initial request or appeal for urgent cases, then such a request shall be deemed granted.

■ Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in The Schedule. For a single Prescription Order or Refill, you may receive a Prescription Drug Product up to the stated supply limit.

Some products are subject to additional supply limits, quantity limits or dosage limits based on coverage criteria that have been approved based on consideration of the P&T Committee's clinical findings. Coverage criteria are subject to periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a dispensing supply limit or similar limit or requirement at the website shown on your ID card or by calling member services at the telephone number on your ID card.

Prescription Drug Benefits - Continued

■ Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products. If you require Specialty Prescription Drug Products, you may be directed to a Designated Pharmacy with whom Cigna has an arrangement to provide those Specialty Prescription Drug Products.

■ Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you may receive reduced or no coverage for the Prescription Drug Product. Refer to The Schedule for further information.

■ New Prescription Drug Products

New Prescription Drug Products may or may not be placed on a Prescription Drug List tier upon market entry. Cigna will use reasonable efforts to make a tier placement decision for a New Prescription Drug Product within six months of its market availability. Cigna's tier placement decision shall be based on consideration of, without limitation, the P&T Committee's clinical review of the New Prescription Drug Product and economic factors. If a New Prescription Drug Product not listed on the Prescription Drug List is approved by Cigna or its Review Organization as Medically Necessary in the interim, the New Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

■ Prescription Eye Drops

Charges for early refills of prescription eye drops if:

For a thirty-day supply:

- the amount of time has passed after which a covered person should have used seventy percent (70%) of the dosage of the prescription eye drops according to a healthcare professional's instructions on the prescription; or
- twenty-two (22) days have passed from the original date the prescription eye drops were distributed to a covered person; or the date the most recent refill of the prescription eye drops was distributed to a covered person.

The healthcare professional indicates on the original prescription that additional quantities of the prescription eye drops are needed;

A refill request of a covered person for prescription eye drops does not exceed the number of additional quantities needed as described above; and

The prescription eye drops prescribed by a healthcare professional are a covered benefit under the health benefit plan of the covered person.

■ Your Payments

Prescription Drug Benefits - Continued

Covered Prescription Drug Products purchased at a Pharmacy are subject to any applicable Deductible, Copayments or Coinsurance shown in The Schedule, as well as any limitations or exclusions set forth in this plan. Please refer to The Schedule for any required Copayments, Coinsurance, Deductibles or Out-of-Pocket Maximums.

■ Copayment

Your plan requires that you pay a Copayment for covered Prescription Drug Products as set forth in The Schedule. After satisfying any applicable annual Deductible set forth in The Schedule, your costs under the plan for a covered Prescription Drug Product dispensed by a Network Pharmacy and that is subject to a Copayment requirement will be the lowest of the following amounts:

- the Copayment for the Prescription Drug Product set forth in The Schedule; or
- the Prescription Drug Charge; or
- the Network Pharmacy's submitted Usual and Customary (U&C) Charge, if any.

■ Payments at Non-Network Pharmacies

Any reimbursement due to you under this plan for a covered Prescription Drug Product dispensed by a non-Network Pharmacy may be determined by applying the Deductible, if any, and/or non-Network Pharmacy Coinsurance amount set forth in The Schedule to the average wholesale price (or “AWP”), or other benchmark price Cigna applies, for a Prescription Drug Product dispensed by a non-Network Pharmacy. Your reimbursement, if any, for a covered Prescription Drug Product dispensed by a non-Network Pharmacy will never exceed the average wholesale price (or other benchmark price applied by Cigna) for the Prescription Drug Product.

When a treatment regimen contains more than one type of Prescription Drug Products that are packaged together for your or your Dependent's convenience, any applicable Copayment or Coinsurance may apply to each Prescription Drug Product.

You will need to obtain prior approval from Cigna or its Review Organization for any Prescription Drug Product not listed on the Prescription Drug List that is not otherwise excluded. If Cigna or its Review Organization approves coverage for the Prescription Drug Product because it meets the applicable coverage exception criteria, the Prescription Drug Product shall be covered at the applicable coverage tier as set forth in The Schedule.

The amount you or your Dependent pays for any excluded Prescription Drug Product or other product or service will not be included in calculating any applicable plan Out-of-Pocket Maximum. You are responsible for paying 100% of the cost (the amount the Pharmacy charges you) for any excluded Prescription Drug Product or other product.

■ Exclusions

Coverage exclusions listed under the “Exclusions, Expenses Not Covered and General Limitations” section also apply to benefits for Prescription Drug Products. In addition, the exclusions listed below apply to benefits for Prescription Drug Products. When an exclusion or limitation applies to only certain Prescription Drug Products, you can access the internet through the website shown on your ID card or call member services at the telephone number on your ID card for information on which Prescription Drug Products are excluded.

Prescription Drug Benefits - Continued

- any ingredient(s) in a compounded Prescription Drug Product that has not been approved by the U.S. Food and Drug Administration (FDA).
- medications available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless state or federal law requires coverage of such medications or the over-the-counter medication has been designated as eligible for coverage as if it were a Prescription Drug Product.
- certain Prescription Drug Products that are a Therapeutic Equivalent or Therapeutic Alternative to an over-the-counter drug(s), or are available in over-the-counter form. Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

Such coverage determinations may be made periodically, and benefits for a Prescription Drug Product that was previously excluded under this provision may be reinstated at any time.

■ Reimbursement/Filing a Claim

Retail Pharmacy

Prescription Drug Benefits - Continued

When you or your Dependents purchase your Prescription Drug Products through a Network Pharmacy, you pay any applicable Copayment, Coinsurance, or Deductible shown in The Schedule at the time of purchase. You do not need to file a claim form for a Prescription Drug Product obtained at a Network Pharmacy unless you pay the full cost of a Prescription Drug Product at a Network Pharmacy and later seek reimbursement for the Prescription Drug Product under the plan. For example, if you must pay the full cost of a Prescription Drug Product to the retail Network Pharmacy because you did not have your ID card, then you must submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. If, under this example, your payment to the retail Network Pharmacy for the covered Prescription Drug Product exceeds any applicable copay, then you will be reimbursed the difference, if any, between the applicable copay and the Prescription Drug Charge for the Prescription Drug Product.

If you obtain a covered Prescription Drug Product dispensed by a non-Network Pharmacy, then you must pay the non-Network Pharmacy for the Prescription Drug Product and then submit a claim to Cigna for any reimbursement or benefit you believe is due to you under this plan. You can obtain a claim form through the website shown on your ID card or by calling member services at the telephone number on your ID card.

Exclusions, Expenses Not Covered and General Limitations

Exclusions and Expenses Not Covered

Additional coverage limitations determined by plan or provider type are shown in The Schedule. Payment for the following is specifically excluded from this plan:

- care for health conditions that are required by state or local law to be treated in a public facility.
- care required by state or federal law to be supplied by a public school system or school district.
- treatment of an Injury or Sickness which is due to war, declared, or undeclared or insurrection.
- charges which you are not obligated to pay and/or for which you are not billed. This exclusion includes, but is not limited to:
- any instance where Cigna determines that a provider or Pharmacy did not bill you for or has waived, reduced, or forgiven any portion of its charges and/or any portion of any Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for an otherwise Covered Expense (as shown on The Schedule) without Cigna's express consent.
- charges of a non-Participating Provider who has agreed to charge you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.

In the event Cigna determines that this exclusion applies, then Cigna shall have the right to:

- require you and/or any provider or Pharmacy submitting claims on your behalf to provide proof sufficient to Cigna that you have made your required cost-share payment(s) prior to the payment of any benefits by Cigna;
- deny the payment of benefits in connection with the Covered Expense regardless of whether the provider or the Pharmacy represents that you remain responsible for any amounts that your plan does not cover; or
- reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover.
- charges or payment for healthcare-related services that violate state or federal law.
- for or in connection with experimental, investigational or unproven services.

Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:

- not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
- not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;

- the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

Exclusions, Expenses Not Covered and General Limitations - Continued

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature, or guidelines. The plan or policy shall not deny coverage for a drug or Biologic therapy as experimental, investigational and unproven if the drug or Biologic therapy is otherwise approved by the FDA to be lawfully marketed and is recognized for the treatment of the prescribed indication in any one of the following: American Hospital Formulary Service Drug Information; United States Pharmacopoeia Dispensing Information; two articles from medical literature not otherwise contradicted by any one article in a similar publication.

- any unproven or investigational services and supplies, including all related services and supplies. Unproven or investigational services and supplies are medical, surgical, diagnostic, psychiatric, chemical dependency or other health care technologies, treatments, procedures, drugs and Biologics or devices that are determined by Cigna to be: not demonstrated by the weight of existing peer-reviewed, evidence-based scientific literature to be safe and effective for treating or diagnosing the Sickness, condition, Injury or illness for which its use is proposed; or not currently the subject of active investigation because prior investigations and/or studies failed to establish proven efficacy and/or safety; or not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed for the proposed use, except for accepted off-label use of drugs and Biologics, consistent with Cigna policy; or substantially confined to use in the research setting; or the subject of review or approval by an Institutional Review Board for the proposed use, except as specifically provided in the “Clinical Trials” benefit sections; or the subject of an ongoing phase I, II, or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the “Clinical Trials” sections of this plan.
- cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem. However, reconstructive surgery and therapy are covered as provided in the “Reconstructive Surgery” section of Covered Expenses, and corrective surgery and related medical care for covered persons diagnosed with a craniofacial anomaly are covered as provided in the corrective surgery benefit shown in Covered Expenses.
- the following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.

- expenses incurred outside the United States other than expenses for Medically Necessary emergency or urgent care while temporarily traveling abroad.

Coordination of Benefits

This section applies if you or any one of your Dependents is covered under more than one Plan, and determines how benefits payable from all such Plans will be coordinated. You should file all claims with each Plan.

Definitions

For the purposes of this section, the following terms have the meanings set forth below:

Plan

Any of the following that provides benefits or services for medical care or treatment:

- Group insurance and/or group-type coverage, whether insured or self-insured which neither can be purchased by the general public, nor is individually underwritten, including closed panel coverage.
- Coverage under Medicare and other governmental benefits as permitted by law, excepting Medicaid and Medicare supplement policies.
- Medical benefits coverage of group, group-type, and individual automobile contracts.

Each Plan or part of a Plan which has the right to coordinate benefits will be considered a separate Plan.

Closed Panel Plan

A Plan that provides medical or dental benefits primarily in the form of services through a panel of employed or contracted providers, and that limits or excludes benefits provided by providers outside of the panel, except in the case of emergency or if referred by a provider within the panel.

Primary Plan

The Plan that determines and provides or pays benefits without taking into consideration the existence of any other Plan.

Secondary Plan

A Plan that determines, and may reduce its benefits after taking into consideration, the benefits provided or paid by the Primary Plan. A Secondary Plan may also recover from the Primary Plan the Reasonable Cash Value of any services it provided to you.

Allowable Expense

The amount of charges considered for payment under the plan for a Covered Service prior to any reductions due to coinsurance, copayment or deductible amounts. If Cigna contracts with an entity to arrange for the provision of Covered Services through that entity's contracted network of health care providers, the amount that Cigna has agreed to pay that entity is the allowable amount used to determine your coinsurance or deductible payments. If the Plan provides benefits in the form of services, the Reasonable Cash Value of each service is the Allowable Expense and is a paid benefit.

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If you are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.

Coordination of Benefits - Continued

- If you are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If you are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If your benefits are reduced under the Primary Plan (through the imposition of a higher copayment amount, higher coinsurance percentage, a deductible and/or a penalty) because you did not comply with Plan provisions or because you did not use a preferred provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which you are not covered under this policy or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed provider of health care services usually charges patients and which is within the range of fees usually charged for the same service by other health care providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers you as an enrollee or an employee shall be the Primary Plan and the Plan that covers you as a Dependent shall be the Secondary Plan;
- If you are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If you are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
 - then, the Plan of the parent with custody of the child;
 - then, the Plan of the spouse of the parent with custody of the child;
 - then, the Plan of the parent not having custody of the child, and
 - finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers you as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers you as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers you under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers you as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.

Coordination of Benefits - Continued

- If one of the Plans that covers you is issued out of the state whose laws govern this Policy, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination, the Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered you for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans during a Claim Determination Period are not more than 100% of the total of all Allowable Expenses.

The difference between the amount that this Plan would have paid if this Plan had been the Primary Plan, and the benefit payments that this Plan had actually paid as the Secondary Plan, will be recorded as a benefit reserve for you. Cigna will use this benefit reserve to pay any Allowable Expense not otherwise paid during the Claim Determination Period.

As each claim is submitted, Cigna will determine the following:

- Cigna's obligation to provide services and supplies under this policy;
- whether a benefit reserve has been recorded for you; and
- whether there are any unpaid Allowable Expenses during the Claims Determination Period.

If there is a benefit reserve, Cigna will use the benefit reserve recorded for you to pay up to 100% of the total of all Allowable Expenses. At the end of the Claim Determination Period, your benefit reserve will return to zero and a new benefit reserve will be calculated for each new Claim Determination Period.

Recovery of Excess Benefits

If Cigna pays charges for benefits that should have been paid by the Primary Plan, or if Cigna pays charges in excess of those for which we are obligated to provide under the Policy, Cigna will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

Cigna will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If we request, you must execute and deliver to us such instruments and documents as we determine are necessary to secure the right of recovery.

Right to Receive and Release Information

Cigna, without consent or notice to you, may obtain information from and release information to any other Plan with respect to you in order to coordinate your benefits pursuant to this section. You must provide us with any information we request in order to coordinate your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, you will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Eligibles

Cigna will pay as the Secondary Plan as permitted by the Social Security Act of 1965 as amended for the following:

- (a) a former Employee who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (b) a former Employee's Dependent, or a former Dependent Spouse, who is eligible for Medicare and whose insurance is continued for any reason as provided in this plan;
- (c) an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Employee is eligible for Medicare due to disability;
- (d) the Dependent of an Employee whose Employer and each other Employer participating in the Employer's plan have fewer than 100 Employees and that Dependent is eligible for Medicare due to disability;
- (e) an Employee or a Dependent of an Employee of an Employer who has fewer than 20 Employees, if that person is eligible for Medicare due to age;
- (f) an Employee, retired Employee, Employee's Dependent or retired Employee's Dependent who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

Cigna will assume the amount payable under:

- Part B of Medicare for a person who is entitled to be enrolled in that Part, but is not, to be the amount he would receive if he were enrolled.
- Part B of Medicare for a person who has entered into a private contract with a provider, to be the amount he would receive in the absence of such private contract.

A person is considered eligible for Medicare on the earliest date any coverage under Medicare could become effective for him.

This reduction will not apply to any Employee and his Dependent or any former Employee and his Dependent unless he is listed under (a) through (f) above.

Expenses for Which a Third Party May Be Responsible

This plan does not cover:

- Expenses incurred by you or your Dependent (hereinafter individually and collectively referred to as a "Participant,") for which another party may be responsible as a result of having caused or contributed to an Injury or Sickness.
- Expenses incurred by a Participant to the extent any payment is received for them either directly or indirectly from a third party tortfeasor or as a result of a settlement, judgment or arbitration award in connection with any automobile medical, automobile no-fault, uninsured or underinsured motorist, homeowners, workers' compensation, government insurance (other than Medicaid), or similar type of insurance or coverage. The coverage under this plan is secondary to any automobile no-fault or similar coverage.

Subrogation/Right of Reimbursement

Expenses for Which a Third Party May Be Responsible - Continued

If a Participant incurs a Covered Expense for which, in the opinion of the plan or its claim administrator, another party may be responsible or for which the Participant may receive payment as described above:

- **Subrogation:** The plan shall, to the extent permitted by law, be subrogated to all rights, claims or interests that a Participant may have against such party and shall automatically have a lien upon the proceeds of any recovery by a Participant from such party to the extent of any benefits paid under the plan. A Participant or his/her representative shall execute such documents as may be required to secure the plan's subrogation rights.
- **Right of Reimbursement:** The plan is also granted a right of reimbursement from the proceeds of any recovery whether by settlement, judgment, or otherwise. This right of reimbursement is cumulative with and not exclusive of the subrogation right granted in paragraph 1, but only to the extent of the benefits provided by the plan.

Lien of the Plan

By accepting benefits under this plan, a Participant:

- grants a lien and assigns to the plan an amount equal to the benefits paid under the plan against any recovery made by or on behalf of the Participant which is binding on any attorney or other party who represents the Participant whether or not an agent of the Participant or of any insurance company or other financially responsible party against whom a Participant may have a claim provided said attorney, insurance carrier or other party has been notified by the plan or its agents;
- agrees that this lien shall constitute a charge against the proceeds of any recovery and the plan shall be entitled to assert a security interest thereon;
- agrees to hold the proceeds of any recovery in trust for the benefit of the plan to the extent of any payment made by the plan.

Additional Terms

- No adult Participant hereunder may assign any rights that it may have to recover medical expenses from any third party or other person or entity to any minor Dependent of said adult Participant without the prior express written consent of the plan. The plan's right to recover shall apply to decedents', minors', and incompetent or disabled persons' settlements or recoveries.
- No Participant shall make any settlement, which specifically reduces or excludes, or attempts to reduce or exclude, the benefits provided by the plan.
- The plan's right of recovery shall be a prior lien against any proceeds recovered by the Participant. If the plan is governed by ERISA, this right of recovery shall not be defeated nor reduced by the application of any so-called "Made-Whole Doctrine", "Rimes Doctrine", or any other such doctrine purporting to defeat the plan's recovery rights by allocating the proceeds exclusively to non-medical expense damages.
- No Participant hereunder shall incur any expenses on behalf of the plan in pursuit of the plan's rights hereunder, specifically; no court costs, attorneys' fees or other representatives' fees may be deducted from the plan's recovery without the prior express written consent of the plan. If the plan is governed by ERISA, this right shall not be defeated by any so-called "Fund Doctrine", "Common Fund Doctrine", or "Attorney's Fund Doctrine".
- The plan shall recover the full amount of benefits provided hereunder without regard to any claim of fault on the part of any Participant, whether under comparative negligence or otherwise.
- The plan hereby disavows all equitable defenses in pursuit of its right of recovery. The plan's subrogation or recovery rights are neither affected nor diminished by equitable defenses.
- In the event that a Participant shall fail or refuse to honor its obligations hereunder, then the plan shall be entitled to recover any costs incurred in enforcing the terms hereof including, but not limited to, attorney's fees, litigation, court costs, and other expenses. The plan shall also be entitled to offset the reimbursement obligation against any entitlement to future medical benefits hereunder until the Participant has fully complied with his reimbursement obligations hereunder, regardless of how those future medical benefits are incurred.

Expenses for Which a Third Party May Be Responsible - Continued

- Any reference to state law in any other provision of this plan shall not be applicable to this provision, if the plan is governed by ERISA. By acceptance of benefits under the plan, the Participant agrees that a breach hereof would cause irreparable and substantial harm and that no adequate remedy at law would exist. Further, the Plan shall be entitled to invoke such equitable remedies as may be necessary to enforce the terms of the plan, including, but not limited to, specific performance, restitution, the imposition of an equitable lien and/or constructive trust, as well as injunctive relief.
- Participants must assist the plan in pursuing any subrogation or recovery rights by providing requested information.

Payment of Benefits

Assignment and Payment of Benefits

You may not assign to any party, including, but not limited to, a provider of healthcare services/items, your right to benefits under this plan, nor may you assign any administrative, statutory, or legal rights or causes of action you may have under ERISA, including, but not limited to, any right to make a claim for plan benefits, to request plan or other documents, to file appeals of denied claims or grievances, or to file lawsuits under ERISA. Any attempt to assign such rights shall be void and unenforceable under all circumstances.

You may, however, authorize Cigna to pay any healthcare benefits under this policy to a Participating or non-Participating Provider. When you authorize the payment of your healthcare benefits to a Participating or non-Participating Provider, you authorize the payment of the entire amount of the benefits due on that claim. If a provider is overpaid because of accepting duplicate payments from you and Cigna, it is the provider's responsibility to reimburse the overpayment to you. Cigna may pay all healthcare benefits for Covered Expenses directly to a Participating Provider without your authorization. You may not interpret or rely upon this discrete authorization or permission to pay any healthcare benefits to a Participating or non-Participating Provider as the authority to assign any other rights under this policy to any party, including, but not limited to, a provider of healthcare services/items.

If any person to whom benefits are payable is a minor or, in the opinion of Cigna is not able to give a valid receipt for any payment due him, such payment will be made to his legal guardian. If no request for payment has been made by his legal guardian, Cigna may, at its option, make payment to the person or institution appearing to have assumed his custody and support.

When one of our participants passes away, Cigna may receive notice that an executor of the estate has been established. The executor has the same rights as our insured and benefit payments for unassigned claims should be made payable to the executor.

Payment as described above will release Cigna from all liability to the extent of any payment made.

Recovery of Overpayment

Payment of Benefits - Continued

When an overpayment has been made by Cigna, Cigna will have the right within 18 months from date of claim payment to: recover that overpayment from the person to whom or on whose behalf it was made; or offset the amount of that overpayment from a future claim payment. A corrected claim, except in the case of fraud, may be submitted within 6 months of recoupment for services that were actually provided, but billed in error. In addition, your acceptance of benefits under this plan and/or assignment of Medical Benefits separately creates an equitable lien by agreement pursuant to which Cigna may seek recovery of any overpayment. You agree that Cigna, in seeking recovery of any overpayment as a contractual right or as an equitable lien by agreement, may pursue the general assets of the person or entity to whom or on whose behalf the overpayment was made.

- the last day of the calendar month in which your Active Service ends except as described below.

Any continuation of insurance must be based on a plan which precludes individual selection.

Temporary Layoff or Leave of Absence

If your Active Service ends due to temporary layoff or leave of absence, your insurance will be continued until the date your Employer stops paying premium for you or otherwise cancels your insurance. However, your insurance will not be continued for more than 60 days past the date your Active Service ends.

Injury or Sickness

If your Active Service ends due to an Injury or Sickness, your insurance will be continued while you remain totally and continuously disabled as a result of the Injury or Sickness. However, your insurance will not continue past the date your Employer stops paying premium for you or otherwise cancels your insurance.

- the date your insurance ceases.
- the date you cease to be eligible for Dependent Insurance.

- the date Dependent Insurance is cancelled.

The insurance for any one of your Dependents will cease on the date that Dependent no longer qualifies as a Dependent.

Special Continuation of Medical Insurance

If your insurance would otherwise cease because of termination of employment or termination of membership in an eligible class, your Medical Insurance will be continued, upon payment of the required premium by you to your Employer, until the earliest of:

- the last day for which you have paid the required premium;

- with respect to any one Dependent, the date that Dependent no longer qualifies as a Dependent, except in the case of change in marital status.

Dependent Insurance After Change in Marital Status

Medical Insurance on your spouse and the eligible Dependents of that spouse, that would otherwise cease due to change in marital status, will be continued until the earliest of:

- 120 days from the date the insurance would otherwise cease due to change in marital status;
- the last day for which the required premium is paid;
- the date the person becomes eligible for medical benefits under another group policy, or under Medicare;
- the date the policy, or Dependent Insurance under it, is canceled;
- the date your insurance ceases.

If, on the day before the Effective Date of this policy, medical insurance was being continued for a person under a group medical policy sponsored by your Employer and replaced by this policy, his insurance will be continued under this policy as set forth above.

Your Employer will, within 10 days of the date your insurance would otherwise cease, notify you of your and your eligible Dependent's right to elect continuation as set forth above. You or your eligible Dependent may elect such continuation within 31 days after the date the insurance would otherwise cease, by paying the required premium to your Employer.

You and your Dependents are eligible to elect continuation of insurance only if you have been insured under this policy for 3 consecutive months immediately prior to the date insurance would otherwise cease.

Conversion Available Following Continuation

The provisions of the "Medical Conversion Privilege" section will apply following the termination of insurance.

■ Qualified Medical Child Support Order (QMCSO)

Eligibility for Coverage Under a QMCSO

If a Qualified Medical Child Support Order (QMCSO) is issued for your child, that child will be eligible for coverage as required by the order and you will not be considered a Late Entrant for Dependent Insurance.

You must notify your Employer and elect coverage for that child, and yourself if you are not already enrolled, within 31 days of the QMCSO being issued.

Qualified Medical Child Support Order Defined

A Qualified Medical Child Support Order is a judgment, decree or order (including approval of a settlement agreement) or administrative notice, which is issued pursuant to a state domestic relations law (including a community property law), or to an administrative process, which provides for child support or provides for health benefit coverage to such child and relates to benefits under the group health plan, and satisfies all of the following:

- the order recognizes or creates a child's right to receive group health benefits for which a participant or beneficiary is eligible;
- the order specifies your name and last known address, and the child's name and last known address, except that the name and address of an official of a state or political subdivision may be substituted for the child's mailing address;
- the order provides a description of the coverage to be provided, or the manner in which the type of coverage is to be determined;
- the order states the period to which it applies; and

Federal Requirements - Continued

- if the order is a National Medical Support Notice completed in accordance with the Child Support Performance and Incentive Act of 1998, such Notice meets the requirements above.

The QMCSO may not require the health insurance policy to provide coverage for any type or form of benefit or option not otherwise provided under the policy, except that an order may require a plan to comply with State laws regarding health care coverage.

Qualified Medical Child Support Order (QMCSO)

Payment of Benefits

Any payment of benefits in reimbursement for Covered Expenses paid by the child, or the child's custodial parent or legal guardian, shall be made to the child, the child's custodial parent or legal guardian, or a state official whose name and address have been substituted for the name and address of the child.

■ Special Enrollment Rights Under the Health Insurance Portability & Accountability Act (HIPAA)

If you or your eligible Dependent(s) experience a special enrollment event as described below, you or your eligible Dependent(s) may be entitled to enroll in the Plan outside of a designated enrollment period upon the occurrence of one of the special enrollment events listed below. If you are already enrolled in the Plan, you may request enrollment for you and your eligible Dependent(s) under a different option offered by the Employer for which you are currently eligible. If you are not already enrolled in the Plan, you must request special enrollment for yourself in addition to your eligible Dependent(s). You and all of your eligible Dependent(s) must be covered under the same option. The special enrollment events include:

- **Acquiring a new Dependent.** If you acquire a new Dependent(s) through marriage, birth, adoption or placement for adoption, you may request special enrollment for any of the following combinations of individuals if not already enrolled in the Plan: Employee only; spouse only; Employee and spouse; Dependent child(ren) only; Employee and Dependent child(ren); Employee, spouse and Dependent child(ren). Enrollment of Dependent children is limited to the newborn or adopted children or children who became Dependent children of the Employee due to marriage.
- **Loss of eligibility for State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) were covered under a state Medicaid or CHIP plan and the coverage is terminated due to a loss of eligibility, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the plan. You must request enrollment within 60 days after termination of Medicaid or CHIP coverage.
- **Loss of eligibility for other coverage (excluding continuation coverage).** If coverage was declined under this Plan due to coverage under another plan, and eligibility for the other coverage is lost, you and all of your eligible Dependents may request special enrollment in this Plan. If required by the Plan, when enrollment in this Plan was previously declined, it must have been declined in writing with a statement that the reason for declining enrollment was due to other health coverage. This provision applies to loss of eligibility as a result of any of the following:
 - divorce or legal separation;
 - cessation of Dependent status (such as reaching the limiting age);
 - death of the Employee;
 - termination of employment;
 - reduction in work hours to below the minimum required for eligibility;

Federal Requirements - Continued

- you or your Dependent(s) no longer reside, live or work in the other plan's network service area and no other coverage is available under the other plan;
 - you or your Dependent(s) incur a claim which meets or exceeds the lifetime maximum limit that is applicable to all benefits offered under the other plan; or
 - the other plan no longer offers any benefits to a class of similarly situated individuals.
- **Termination of Employer contributions (excluding continuation coverage).** If a current or former Employer ceases all contributions toward the Employee's or Dependent's other coverage, special enrollment may be requested in this Plan for you and all of your eligible Dependent(s).
 - **Exhaustion of COBRA or other continuation coverage.** Special enrollment may be requested in this Plan for you and all of your eligible Dependent(s) upon exhaustion of COBRA or other continuation coverage. If you or your Dependent(s) elect COBRA or other continuation coverage following loss of coverage under another plan, the COBRA or other continuation coverage must be exhausted before any special enrollment rights exist under this Plan. An individual is considered to have exhausted COBRA or other continuation coverage only if such coverage ceases: due to failure of the Employer or other responsible entity to remit premiums on a timely basis; when the person no longer resides or works in the other plan's service area and there is no other COBRA or continuation coverage available under the plan; or when the individual incurs a claim that would meet or exceed a lifetime maximum limit on all benefits and there is no other COBRA or other continuation coverage available to the individual. This does not include termination of an Employer's limited period of contributions toward COBRA or other continuation coverage as provided under any severance or other agreement.
 - **Eligibility for employment assistance under State Medicaid or Children's Health Insurance Program (CHIP).** If you and/or your Dependent(s) become eligible for assistance with group health plan premium payments under a state Medicaid or CHIP plan, you may request special enrollment for yourself and any affected Dependent(s) who are not already enrolled in the plan. You must request enrollment within 60 days after the date you are determined to be eligible for assistance.

Except as stated above, special enrollment must be requested within 30 days after the occurrence of the special enrollment event. If the special enrollment event is the birth or adoption of a Dependent child, coverage will be effective immediately on the date of birth, adoption or placement for adoption. Coverage with regard to any other special enrollment event will be effective no later than the first day of the first calendar month following receipt of the request for special enrollment.

Domestic Partners and their children (if not legal children of the Employee) are not eligible for special enrollment.

■ Effect of Section 125 Tax Regulations on This Plan

Your Employer has chosen to administer this Plan in accordance with Section 125 regulations of the Internal Revenue Code. Per this regulation, you may agree to a pretax salary reduction put toward the cost of your benefits. Otherwise, you will receive your taxable earnings as cash (salary).

A. Coverage elections

Per Section 125 regulations, you are generally allowed to enroll for or change coverage only before each annual benefit period. However, exceptions are allowed:

- if you meet Special Enrollment criteria and enroll as described in the Special Enrollment section; or

Federal Requirements - Continued

- if your Employer agrees, and you meet the criteria shown in the following Sections B through H and enroll for or change coverage within the time period established by your Employer.

B. Change of status

A change in status is defined as:

- change in legal marital status due to marriage, death of a spouse, divorce, annulment or legal separation;
- change in number of Dependents due to birth, adoption, placement for adoption, or death of a Dependent;
- change in employment status of Employee, spouse or Dependent due to termination or start of employment, strike, lockout, beginning or end of unpaid leave of absence, including under the Family and Medical Leave Act (FMLA), or change in worksite;
- changes in employment status of Employee, spouse or Dependent resulting in eligibility or ineligibility for coverage;
- change in residence of Employee, spouse or Dependent to a location outside of the Employer's network service area; and
- changes which cause a Dependent to become eligible or ineligible for coverage.

C. Court order

A change in coverage due to and consistent with a court order of the Employee or other person to cover a Dependent.

D. Medicare or Medicaid eligibility/entitlement

The Employee, spouse or Dependent cancels or reduces coverage due to entitlement to Medicare or Medicaid, or enrolls or increases coverage due to loss of Medicare or Medicaid eligibility.

E. Change in cost of coverage

If the cost of benefits increases or decreases during a benefit period, your Employer may, in accordance with plan terms, automatically change your elective contribution.

When the change in cost is significant, you may either increase your contribution or elect less-costly coverage. When a significant overall reduction is made to the benefit option you have elected, you may elect another available benefit option. When a new benefit option is added, you may change your election to the new benefit option.

F. Changes in coverage of spouse or dependent under another employer's plan

You may make a coverage election change if the plan of your spouse or Dependent: incurs a change such as adding or deleting a benefit option; allows election changes due to Special Enrollment, Change in Status, Court Order or Medicare or Medicaid Eligibility/Entitlement; or this Plan and the other plan have different periods of coverage or open enrollment periods.

G. Reduction in work hours

If an Employee's work hours are reduced below 30 hours/week (even if it does not result in the Employee losing eligibility for the Employer's coverage); and the Employee (and family) intend to enroll in another plan that provides Minimum Essential Coverage (MEC). The new coverage must be effective no later than the 1st day of the 2nd month following the month that includes the date the original coverage is revoked.

H. Enrollment in a Qualified Health Plan (QHP)

Federal Requirements - Continued

Employee: The Employee must be eligible for a Special Enrollment Period to enroll in a QHP through an Exchange (Marketplace) or the Employee seeks to enroll in a QHP through an Exchange during the Marketplace's annual open enrollment period, and the disenrollment from the group plan corresponds to the intended enrollment of the Employee (and family) in a QHP through an Exchange for new coverage effective beginning no later than the day immediately following the last day of the original coverage.

Family: A plan may allow an Employee to revoke family coverage midyear in order for family members ("related individuals") to enroll in a QHP through an Exchange (Marketplace). The related individual(s) must be eligible for a Special Enrollment Period to enroll in a QHP or seek to enroll in a QHP during the Marketplace's annual open enrollment period, and the disenrollment from the group plan corresponds to the intended enrollment of the individual(s) in a QHP for new coverage effective beginning no later than the day immediately following the last day of the original coverage. If the Employee does not enroll in a QHP, the Employee must select self-only coverage or family coverage including one or more already-covered individuals.

■ Eligibility for Coverage for Adopted Children

Any child who is adopted by you, including a child who is placed with you for adoption, will be eligible for Dependent Insurance, if otherwise eligible as a Dependent, upon the date of placement with you. A child will be considered placed for adoption when you become legally obligated to support that child, totally or partially, prior to that child's adoption.

If a child placed for adoption is not adopted, all health coverage ceases when the placement ends, and will not be continued.

The provisions in the "Exception for Newborns" section of this document that describe requirements for enrollment and effective date of insurance will also apply to an adopted child or a child placed with you for adoption.

■ Coverage for Maternity Hospital Stay

Group health plans and health insurance issuers offering group health insurance coverage generally may not, under a federal law known as the "Newborns' and Mothers' Health Protection Act": restrict benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section; or require that a provider obtain authorization from the plan or insurance issuer for prescribing a length of stay not in excess of the above periods. The law generally does not prohibit an attending provider of the mother or newborn, in consultation with the mother, from discharging the mother or newborn earlier than 48 or 96 hours, as applicable.

■ Requirements of Family and Medical Leave Act of 1993 (as amended) (FMLA)

Any provisions of the policy that provide for: continuation of insurance during a leave of absence; and reinstatement of insurance following a return to Active Service; are modified by the following provisions of the federal Family and Medical Leave Act of 1993, as amended, where applicable:

Continuation of Health Insurance During Leave

Your health insurance will be continued during a leave of absence if:

- that leave qualifies as a leave of absence under the Family and Medical Leave Act of 1993, as amended; and
- you are an eligible Employee under the terms of that Act.

The cost of your health insurance during such leave must be paid, whether entirely by your Employer or in part by you and your Employer.

Reinstatement of Canceled Insurance Following Leave

Upon your return to Active Service following a leave of absence that qualifies under the Family and Medical Leave Act of 1993, as amended, any canceled insurance (health, life or disability) will be reinstated as of the date of your return.

You will not be required to satisfy any eligibility or benefit waiting period to the extent that they had been satisfied prior to the start of such leave of absence.

Your Employer will give you detailed information about the Family and Medical Leave Act of 1993, as amended.

HC-FED93

■ Uniformed Services Employment and Re-Employment Rights Act of 1994 (USERRA)

Federal Requirements - Continued

The Uniformed Services Employment and Re-employment Rights Act of 1994 (USERRA) sets requirements for continuation of health coverage and re-employment in regard to an Employee's military leave of absence. These requirements apply to medical and dental coverage for you and your Dependents. They do not apply to any Life, Short-term or Long-term Disability or Accidental Death & Dismemberment coverage you may have.

Continuation of Coverage

For leaves of less than 31 days, coverage will continue as described in the Termination section regarding Leave of Absence.

For leaves of 31 days or more, you may continue coverage for yourself and your Dependents as follows:

You may continue benefits by paying the required premium to your Employer, until the earliest of the following:

- 24 months from the last day of employment with the Employer;
- the day after you fail to return to work; and
- the date the policy cancels.

Your Employer may charge you and your Dependents up to 102% of the total premium.

Following continuation of health coverage per USERRA requirements, you may convert to a plan of individual coverage according to any "Conversion Privilege" shown in your certificate.

Reinstatement of Benefits (applicable to all coverages)

If your coverage ends during the leave of absence because you do not elect USERRA or an available conversion plan at the expiration of USERRA and you are reemployed by your current Employer, coverage for you and your Dependents may be reinstated if you gave your Employer advance written or verbal notice of your military service leave, and the duration of all military leaves while you are employed with your current Employer does not exceed 5 years.

You and your Dependents will be subject to only the balance of a waiting period that was not yet satisfied before the leave began. However, if an Injury or Sickness occurs or is aggravated during the military leave, full Plan limitations will apply.

If your coverage under this Plan terminates as a result of your eligibility for military medical and dental coverage and your order to active duty is canceled before your active duty service commences, these reinstatement rights will continue to apply.

■ Claim Determination Procedures Under ERISA

The following complies with federal law. Provisions of applicable laws of your state may supersede.

Procedures Regarding Medical Necessity Determinations

Federal Requirements - Continued

In general, health services and benefits must be Medically Necessary to be covered under the plan. The procedures for determining Medical Necessity vary, according to the type of service or benefit requested, and the type of health plan. Medical Necessity determinations are made on a preservice, concurrent, or postservice basis, as described below:

Certain services require prior authorization in order to be covered. The Certificate describes who is responsible for obtaining this review. You or your authorized representative (typically, your health care professional) must request prior authorization according to the procedures described below, in the Certificate, and in your provider's network participation documents as applicable.

When services or benefits are determined to be not covered, you or your representative will receive a written description of the adverse determination, and may appeal the determination. Appeal procedures are described in the Certificate, in your provider's network participation documents as applicable, and in the determination notices.

Note: An oral statement made to you by a representative of Cigna or its designee that indicates, for example, a particular service is a Covered Expense, is authorized for coverage by the plan, or that you are eligible for coverage is not a guarantee that you will receive benefits for services under this plan. Cigna will make a benefit determination after a claim is received from you or your authorized representative, and the benefit determination will be based on, your eligibility as of the date services were rendered to you and the terms and conditions of the plan in effect as of the date services were rendered to you.

Preservice Determinations

When you or your representative requests a required prior authorization, Cigna will notify you or your representative of the determination within 15 days after receiving the request. However, if more time is needed due to matters beyond Cigna's control, Cigna will notify you or your representative within 15 days after receiving your request. This notice will include the date a determination can be expected, which will be no more than 30 days after receipt of the request. If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

If the determination periods above would seriously jeopardize your life or health, your ability to regain maximum function, or in the opinion of a health care professional with knowledge of your health condition, cause you severe pain which cannot be managed without the requested services, Cigna will make the preservice determination on an expedited basis. Cigna will defer to the determination of the treating health care professional regarding whether an expedited determination is necessary. Cigna will notify you or your representative of an expedited determination within 72 hours after receiving the request.

However, if necessary information is missing from the request, Cigna will notify you or your representative within 24 hours after receiving the request to specify what information is needed. You or your representative must provide the specified information to Cigna within 48 hours after receiving the notice. Cigna will notify you or your representative of the expedited benefit determination within 48 hours after you or your representative responds to the notice. Expedited determinations may be provided orally, followed within 3 days by written or electronic notification.

Federal Requirements - Continued

If you or your representative attempts to request a preservice determination, but fails to follow Cigna's procedures for requesting a required preservice determination, Cigna will notify you or your representative of the failure and describe the proper procedures for filing within 5 days (or 24 hours, if an expedited determination is required, as described above) after receiving the request. This notice may be provided orally, unless you or your representative requests written notification.

Concurrent Determinations

When an ongoing course of treatment has been approved for you and you wish to extend the approval, you or your representative must request a required concurrent coverage determination at least 24 hours prior to the expiration of the approved period of time or number of treatments. When you or your representative requests such a determination, Cigna will notify you or your representative of the determination within 24 hours after receiving the request.

Postservice Determinations

When you or your representative requests a coverage determination or a claim payment determination after services have been rendered, Cigna will notify you or your representative of the determination within 30 days after receiving the request. However, if more time is needed to make a determination due to matters beyond Cigna's control, Cigna will notify you or your representative within 30 days after receiving the request. This notice will include the date a determination can be expected, which will be no more than 45 days after receipt of the request.

If more time is needed because necessary information is missing from the request, the notice will also specify what information is needed, and you or your representative must provide the specified information to Cigna within 45 days after receiving the notice. The determination period will be suspended on the date Cigna sends such a notice of missing information, and the determination period will resume on the date you or your representative responds to the notice.

Notice of Adverse Determination

Every notice of an adverse benefit determination will be provided in writing or electronically, and will include all of the following that pertain to the determination: information sufficient to identify the claim including, if applicable, the date of service, provider and claim amount; diagnosis and treatment codes, and their meanings; the specific reason or reasons for the adverse determination including, if applicable, the denial code and its meaning and a description of any standard that was used in the denial; reference to the specific plan provisions on which the determination is based; a description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary; a description of the plan's review procedures and the time limits applicable, including a statement of a claimant's rights to bring a civil action under section 502(a) of ERISA following an adverse benefit determination on appeal (if applicable); upon request and free of charge, a copy of any internal rule, guideline, protocol or other similar criterion that was relied upon in making the adverse determination regarding your claim; and an explanation of the scientific or clinical judgment for a determination that is based on a Medical Necessity, experimental treatment or other similar exclusion or limit; a description of any available internal appeal and/or external review process(es); information about any office of health insurance consumer assistance or ombudsman available to assist you with the appeal process; and in the case of a claim involving urgent care, a description of the expedited review process applicable to such claim.

■ COBRA Continuation Rights Under Federal Law

For You and Your Dependents

What is COBRA Continuation Coverage?

Under federal law, you and/or your Dependents must be given the opportunity to continue health insurance when there is a “qualifying event” that would result in loss of coverage under the Plan. You and/or your Dependents will be permitted to continue the same coverage under which you or your Dependents were covered on the day before the qualifying event occurred, unless you move out of that plan's coverage area or the plan is no longer available. You and/or your Dependents cannot change coverage options until the next open enrollment period.

When is COBRA Continuation Available?

For you and your Dependents, COBRA continuation is available for up to 18 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your termination of employment for any reason, other than gross misconduct; or
- your reduction in work hours.

For your Dependents, COBRA continuation coverage is available for up to 36 months from the date of the following qualifying events if the event would result in a loss of coverage under the Plan:

- your death;
- your divorce or legal separation; or
- for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Who is Entitled to COBRA Continuation?

Only a “qualified beneficiary” (as defined by federal law) may elect to continue health insurance coverage. A qualified beneficiary may include the following individuals who were covered by the Plan on the day the qualifying event occurred: you, your spouse, and your Dependent children. Each qualified beneficiary has their own right to elect or decline COBRA continuation coverage even if you decline or are not eligible for COBRA continuation.

The following individuals are not qualified beneficiaries for purposes of COBRA continuation: domestic partners, grandchildren (unless adopted by you), stepchildren (unless adopted by you). Although these individuals do not have an independent right to elect COBRA continuation coverage, if you elect COBRA continuation coverage for yourself, you may also cover your Dependents even if they are not considered qualified beneficiaries under COBRA. However, such individuals' coverage will terminate when your COBRA continuation coverage terminates. The sections titled “Secondary Qualifying Events” and “Medicare Extension For Your Dependents” are not applicable to these individuals.

Secondary Qualifying Events

Federal Requirements - Continued

If, as a result of your termination of employment or reduction in work hours, your Dependent(s) have elected COBRA continuation coverage and one or more Dependents experience another COBRA qualifying event, the affected Dependent(s) may elect to extend their COBRA continuation coverage for an additional 18 months (7 months if the secondary event occurs within the disability extension period) for a maximum of 36 months from the initial qualifying event. The second qualifying event must occur before the end of the initial 18 months of COBRA continuation coverage or within the disability extension period discussed below. Under no circumstances will COBRA continuation coverage be available for more than 36 months from the initial qualifying event. Secondary qualifying events are: your death; your divorce or legal separation; or, for a Dependent child, failure to continue to qualify as a Dependent under the Plan.

Disability Extension

If, after electing COBRA continuation coverage due to your termination of employment or reduction in work hours, you or one of your Dependents is determined by the Social Security Administration (SSA) to be totally disabled under Title II or XVI of the SSA, you and all of your Dependents who have elected COBRA continuation coverage may extend such continuation for an additional 11 months, for a maximum of 29 months from the initial qualifying event.

To qualify for the disability extension, all of the following requirements must be satisfied:

- SSA must determine that the disability occurred prior to or within 60 days after the disabled individual elected COBRA continuation coverage; and
- A copy of the written SSA determination must be provided to the Plan Administrator within 60 calendar days after the date the SSA determination is made AND before the end of the initial 18-month continuation period.

If the SSA later determines that the individual is no longer disabled, you must notify the Plan Administrator within 30 days after the date the final determination is made by SSA. The 11-month disability extension will terminate for all covered persons on the first day of the month that is more than 30 days after the date the SSA makes a final determination that the disabled individual is no longer disabled.

All causes for “Termination of COBRA Continuation” listed below will also apply to the period of disability extension.

Medicare Extension for Your Dependents

When the qualifying event is your termination of employment or reduction in work hours and you became enrolled in Medicare (Part A, Part B or both) within the 18 months before the qualifying event, COBRA continuation coverage for your Dependents will last for up to 36 months after the date you became enrolled in Medicare. Your COBRA continuation coverage will last for up to 18 months from the date of your termination of employment or reduction in work hours.

Termination of COBRA Continuation

COBRA continuation coverage will be terminated upon the occurrence of any of the following:

- the end of the COBRA continuation period of 18, 29 or 36 months, as applicable;
- failure to pay the required premium within 30 calendar days after the due date;
- cancellation of the Employer's policy with Cigna;
- after electing COBRA continuation coverage, a qualified beneficiary enrolls in Medicare (Part A, Part B, or both);

Federal Requirements - Continued

- after electing COBRA continuation coverage, a qualified beneficiary becomes covered under another group health plan, unless the qualified beneficiary has a condition for which the new plan limits or excludes coverage under a pre-existing condition provision. In such case coverage will continue until the earliest of: the end of the applicable maximum period; the date the pre-existing condition provision is no longer applicable; or the occurrence of an event described in one of the first three bullets above;
- any reason the Plan would terminate coverage of a participant or beneficiary who is not receiving continuation coverage (e.g., fraud).

Moving Out of Employer's Service Area or Elimination of a Service Area

If you and/or your Dependents move out of the Employer's service area or the Employer eliminates a service area in your location, your COBRA continuation coverage under the plan will be limited to out-of-network coverage only. In-network coverage is not available outside of the Employer's service area. If the Employer offers another benefit option through Cigna or another carrier which can provide coverage in your location, you may elect COBRA continuation coverage under that option.

Employer's Notification Requirements

Your Employer is required to provide you and/or your Dependents with the following notices:

- An initial notification of COBRA continuation rights must be provided within 90 days after your (or your spouse's) coverage under the Plan begins (or the Plan first becomes subject to COBRA continuation requirements, if later). If you and/or your Dependents experience a qualifying event before the end of that 90-day period, the initial notice must be provided within the time frame required for the COBRA continuation coverage election notice as explained below.
- A COBRA continuation coverage election notice must be provided to you and/or your Dependents within the following timeframes:
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the loss of coverage, 44 days after loss of coverage under the Plan;
 - if the Plan provides that COBRA continuation coverage and the period within which an Employer must notify the Plan Administrator of a qualifying event starts upon the occurrence of a qualifying event, 44 days after the qualifying event occurs; or
 - in the case of a multi-employer plan, no later than 14 days after the end of the period in which Employers must provide notice of a qualifying event to the Plan Administrator.

How to Elect COBRA Continuation Coverage

The COBRA coverage election notice will list the individuals who are eligible for COBRA continuation coverage and inform you of the applicable premium. The notice will also include instructions for electing COBRA continuation coverage. You must notify the Plan Administrator of your election no later than the due date stated on the COBRA election notice. If a written election notice is required, it must be post-marked no later than the due date stated on the COBRA election notice. If you do not make proper notification by the due date shown on the notice, you and your Dependents will lose the right to elect COBRA continuation coverage. If you reject COBRA continuation coverage before the due date, you may change your mind as long as you furnish a completed election form before the due date.

Federal Requirements - Continued

Each qualified beneficiary has an independent right to elect COBRA continuation coverage. Continuation coverage may be elected for only one, several, or for all Dependents who are qualified beneficiaries. Parents may elect to continue coverage on behalf of their Dependent children. You or your spouse may elect continuation coverage on behalf of all the qualified beneficiaries. You are not required to elect COBRA continuation coverage in order for your Dependents to elect COBRA continuation.

How Much Does COBRA Continuation Coverage Cost?

Each qualified beneficiary may be required to pay the entire cost of continuation coverage. The amount may not exceed 102% of the cost to the group health plan (including both Employer and Employee contributions) for coverage of a similarly situated active Employee or family member. The premium during the 11-month disability extension may not exceed 150% of the cost to the group health plan (including both employer and employee contributions) for coverage of a similarly situated active Employee or family member.

For example: If the Employee alone elects COBRA continuation coverage, the Employee will be charged 102% (or 150%) of the active Employee premium. If the spouse or one Dependent child alone elects COBRA continuation coverage, they will be charged 102% (or 150%) of the active Employee premium. If more than one qualified beneficiary elects COBRA continuation coverage, they will be charged 102% (or 150%) of the applicable family premium.

When and How to Pay COBRA Premiums

First payment for COBRA continuation

If you elect COBRA continuation coverage, you do not have to send any payment with the election form. However, you must make your first payment no later than 45 calendar days after the date of your election. (This is the date the Election Notice is postmarked, if mailed.) If you do not make your first payment within that 45 days, you will lose all COBRA continuation rights under the Plan.

Subsequent payments

After you make your first payment for COBRA continuation coverage, you will be required to make subsequent payments of the required premium for each additional month of coverage. Payment is due on the first day of each month. If you make a payment on or before its due date, your coverage under the Plan will continue for that coverage period without any break.

Grace periods for subsequent payments

Although subsequent payments are due by the first day of the month, you will be given a grace period of 30 days after the first day of the coverage period to make each monthly payment. Your COBRA continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if your payment is received after the due date, your coverage under the Plan may be suspended during this time. Any providers who contact the Plan to confirm coverage during this time may be informed that coverage has been suspended. If payment is received before the end of the grace period, your coverage will be reinstated back to the beginning of the coverage period. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated. If you fail to make a payment before the end of the grace period for that coverage period, you will lose all rights to COBRA continuation coverage under the Plan.

You Must Give Notice of Certain Qualifying Events

Federal Requirements - Continued

If you or your Dependent(s) experience one of the following qualifying events, you must notify the Plan Administrator within 60 calendar days after the later of the date the qualifying event occurs or the date coverage would cease as a result of the qualifying event:

- Your divorce or legal separation; or
- Your child ceases to qualify as a Dependent under the Plan.
- The occurrence of a secondary qualifying event as discussed under “Secondary Qualifying Events” above (this notice must be received prior to the end of the initial 18- or 29-month COBRA period).

(Also refer to the section titled “Disability Extension” for additional notice requirements.)

Notice must be made in writing and must include: the name of the Plan, name and address of the Employee covered under the Plan, name and address(es) of the qualified beneficiaries affected by the qualifying event; the qualifying event; the date the qualifying event occurred; and supporting documentation. (e.g., divorce decree, birth certificate, disability determination, etc.).

Newly Acquired Dependents

If you acquire a new Dependent through marriage, birth, adoption or placement for adoption while your coverage is being continued, you may cover such Dependent under your COBRA continuation coverage. However, only your newborn or adopted Dependent child is a qualified beneficiary and may continue COBRA continuation coverage for the remainder of the coverage period following your early termination of COBRA coverage or due to a secondary qualifying event. COBRA coverage for your Dependent spouse and any Dependent children who are not your children (e.g., stepchildren or grandchildren) will cease on the date your COBRA coverage ceases and they are not eligible for a secondary qualifying event.

COBRA Continuation for Retirees Following Employer's Bankruptcy

If you are covered as a retiree, and a proceeding in bankruptcy is filed with respect to the Employer under Title 11 of the United States Code, you may be entitled to COBRA continuation coverage. If the bankruptcy results in a loss of coverage for you, your Dependents or your surviving spouse within one year before or after such proceeding, you and your covered Dependents will become COBRA qualified beneficiaries with respect to the bankruptcy. You will be entitled to COBRA continuation coverage until your death. Your surviving spouse and covered Dependent children will be entitled to COBRA continuation coverage for up to 36 months following your death. However, COBRA continuation coverage will cease upon the occurrence of any of the events listed under “Termination of COBRA Continuation” above.

Conversion Available Following Continuation

If your or your Dependents' COBRA continuation ends due to the expiration of the maximum 18-, 29- or 36-month period, whichever applies, you and/or your Dependents may be entitled to convert to the coverage in accordance with the Medical Conversion benefit then available to Employees and the Dependents. Please refer to the section titled “Conversion Privilege” for more information.

Interaction With Other Continuation Benefits

You may be eligible for other continuation benefits under state law. Refer to the Termination section for any other continuation benefits.

Discretionary Authority

The Plan Administrator delegates to Cigna the discretionary authority to interpret and apply plan terms and to make factual determinations in connection with its review of claims under the plan. Such discretionary authority is intended to include, but not limited to, the determination of the eligibility of persons desiring to enroll in or claim benefits under the plan, the determination of whether a person is entitled to benefits under the plan, and the computation of any and all benefit payments. The Plan Administrator also delegates to Cigna the discretionary authority to perform a full and fair review, as required by ERISA, of each claim denial which has been appealed by the claimant or his duly authorized representative.

Plan Modification, Amendment and Termination

The Employer as Plan Sponsor reserves the right to, at any time, change or terminate benefits under the Plan, to change or terminate the eligibility of classes of employees to be covered by the Plan, to amend or eliminate any other plan term or condition, and to terminate the whole plan or any part of it. Contact the Employer for the procedure by which benefits may be changed or terminated, by which the eligibility of classes of employees may be changed or terminated, or by which part or all of the Plan may be terminated. No consent of any participant is required to terminate, modify, amend or change the Plan.

Termination of the Plan together with termination of the insurance policy(s) which funds the Plan benefits will have no adverse effect on any benefits to be paid under the policy(s) for any covered medical expenses incurred prior to the date that policy(s) terminates. Likewise, any extension of benefits under the policy(s) due to you or your Dependent's total disability which began prior to and has continued beyond the date the policy(s) terminates will not be affected by the Plan termination. Rights to purchase limited amounts of life and medical insurance to replace part of the benefits lost because the policy(s) terminated may arise under the terms of the policy(s). A subsequent Plan termination will not affect the extension of benefits and rights under the policy(s).

Your coverage under the Plan's insurance policy(s) will end on the earliest of the following dates:

- the date you leave Active Service (or later as explained in the Termination Section;)
- the date you are no longer in an eligible class;
- if the Plan is contributory, the date you cease to contribute;
- the date the policy(s) terminates.

See your Plan Administrator to determine if any extension of benefits or rights are available to you or your Dependents under this policy(s). No extension of benefits or rights will be available solely because the Plan terminates.

Statement of Rights

As a participant in the plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure room of the Employee Benefits Security Administration.

Federal Requirements - Continued

- obtain, upon written request to the Plan Administrator, copies of documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each person under the Plan with a copy of this summary financial report.

Continue Group Health Plan Coverage

- continue health care coverage for yourself, your spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review the documents governing the Plan on the rules governing your federal continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people responsible for the operation of the employee benefit plan. The people who operate your plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA. If your claim for a welfare benefit is denied or ignored you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Enforce Your Rights

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of documents governing the plan or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court.

In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

■ Appointment of Authorized Representative

You may appoint an authorized representative to assist you in submitting a claim or appealing a claim denial. However, Cigna may require you to designate your authorized representative in writing using a form approved by Cigna. At all times, the appointment of an authorized representative is revocable by you. To ensure that a prior appointment remains valid, Cigna may require you to re-appoint your authorized representative, from time to time.

Cigna reserves the right to refuse to honor the appointment of a representative if Cigna reasonably determines that:

- the signature on an authorized representative form may not be yours, or
- the authorized representative may not have disclosed to you all of the relevant facts and circumstances relating to the overpayment or underpayment of any claim, including, for example, that the billing practices of the provider of medical services may have jeopardized your coverage through the waiver of the cost-sharing amounts that you are required to pay under your plan.

If your designation of an authorized representative is revoked, or Cigna does not honor your designation, you may appoint a new authorized representative at any time, in writing, using a form approved by Cigna.

For the purposes of this section, any reference to “you”, “your” or “Member” also refers to a representative or provider designated by you to act on your behalf, unless otherwise noted.

We want you to be completely satisfied with the care and services you receive. That is why we have established a process for addressing your concerns and solving your problems.

Start with Customer Service

We are here to listen and help. Please call us at the Customer Service toll-free number that appears on your benefit identification card, explanation of benefits or claim form.

We will do our best to resolve the matter on your initial contact. If we need more time to review or investigate your concern, we will get back to you as soon as possible, but in any case within 30 days.

If you are not satisfied with the results of a coverage decision, you can start the appeals procedure.

When You Have a Complaint or an Appeal - Continued

Appeals Procedure

Cigna has a one step appeals procedure for coverage decisions. To initiate an appeal for most claims, you must submit a request for an appeal, within 180 days of receipt of a denial notice. If you appeal a reduction or termination in coverage for an ongoing course of treatment that Cigna previously approved, you will receive, as required by applicable law, continued coverage pending the outcome of an appeal. Appeals may be submitted, to the following address:

Cigna
National Appeals Organization (NAO)
PO Box 188011
Chattanooga, TN 37422

You should state the reason why you feel your appeal should be approved and include any information supporting your appeal. If you are unable or choose not to write, you may ask to register your appeal by telephone. Call us at the toll-free number on your benefit identification card, explanation of benefits or claim form.

Level One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, we will respond in writing with a decision within 15 calendar days after we receive an appeal for a required preservice or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a postservice coverage determination. If more time or information is needed to make the determination, we will notify you in writing to request an extension of up to 15 calendar days and to specify any additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services.

If you request that your appeal be expedited, you may also ask for an expedited external Independent Review at the same time, if the time to complete an expedited level one appeal would be detrimental to your medical condition.

Cigna's Physician Reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Independent Review Procedure

If you are not fully satisfied with the decision of Cigna's appeal review regarding your Medical Necessity or clinical appropriateness issue, you may request that your appeal be referred to an Independent Review Organization. The Independent Review Organization is composed of persons who are not employed by Cigna HealthCare or any of its affiliates. A decision to use the voluntary level of appeal will not affect the claimant's rights to any other benefits under the plan.

When You Have a Complaint or an Appeal - Continued

There is no charge for you to initiate this independent review process. Cigna will abide by the decision of the Independent Review Organization.

In order to request a referral to an Independent Review Organization, certain conditions apply. The reason for the denial must be based on a Medical Necessity or clinical appropriateness determination by Cigna. Administrative, eligibility or benefit coverage limits or exclusions are not eligible for appeal under this process.

To request a standard external review, you or your authorized representative must file a written request for an external review with the Arkansas Insurance Commissioner within four (4) months after the date of receipt of a notice of adverse determination. Requests for expedited external review may be made orally or in writing to the Arkansas Insurance Commissioner within four (4) months after the date of receipt of a notice of adverse determination.

The Arkansas Insurance Department has prescribed a form to be used to request an external review. This form will be included as an attachment to all Medical Necessity initial and appeal denial letters.

Requests for an expedited external review may be made orally or in writing to the Arkansas Insurance Commissioner. An expedited external review may be requested if the adverse determination involves a medical condition for which the time frame for completion of an expedited internal review would seriously jeopardize the life or health of the covered person and a request for expedited internal review has been filed or the adverse determination involves emergency services and the covered person has not been discharged from a facility.

If the request for expedited external review involved a treatment denied as experimental or investigational, the treating Physician must certify in writing that the recommended or requested service would be significantly less effective if not promptly initiated.

Retrospective (post service) adverse determinations are not eligible for expedited external review.

Within 1 business day after receipt of a request for a standard external review by an Independent Review Organization, the Arkansas Insurance Department sends a copy of the request to Cigna. If the request is for an expedited external review, the Arkansas Insurance Department will forward the request to Cigna immediately.

Within 5 business days of receipt of the copy of the request (immediately for request for expedited review), Cigna will complete a preliminary review to determine whether:

- You were a covered person under the plan on the date service was requested (pre-service review) or on the date of service (concurrent or retrospective review). Retrospective reviews are eligible for standard reviews, but are not eligible for expedited reviews.
- The service is the subject of an adverse determination.
- The service is a covered benefit under the health plan.
- The internal appeal process has been exhausted (this requirement is waived for request for expedited review).
- All the information and forms required to process the external review have been provided, including the Release of Medical Information section of the Arkansas External Review Request Form.
- In cases of experimental or investigational denials, the review must also include a determination that:
 - The service would be a covered service except for the determination that the service is experimental or investigational.
 - The service is not explicitly listed as an excluded benefit under the health plan.
 - The treating Physician has certified that standard health care services or treatments have not been effective; or standard health care services or treatments are not medically appropriate for the covered person; or there is no available standard health care service or treatment that is more beneficial than the requested service.

When You Have a Complaint or an Appeal - Continued

- Either the treating Physician or a licensed board certified/eligible Physician qualified to practice in the area of medicine appropriate to the covered person's condition certifies in writing that the requested treatment is likely to be more beneficial than available standard services or treatments.

The treating Physician certification form is included as part of the Arkansas External Review Request Form.

- If an expedited external review is being requested, the treating healthcare provider must complete the Certification of Treating Health Care Provider for Expedited Consideration of a Patient's External Review Appeal Form. This form is included as part of the Arkansas External Review Request.

Within one (1) business day after completion of the preliminary review, Cigna will notify the Arkansas Insurance Department in writing, and you (or your authorized representative), that the review is complete and if the request is eligible for external review. The notice must be in writing.

Within one (1) business day after receipt of Cigna's notice that a covered person is eligible for a standard external review (or immediately for an expedited external review), the Arkansas Insurance Department will randomly assign each request for external review to the Independent Review Organization (IRO).

Within forty-five (45) days after the date of receipt of request for standard external review, the IRO will provide written notice of its decision to you (or your authorized representative), Cigna and the Arkansas Department of Insurance.

As expeditiously as possible, but in no event more than seventy two (72) hours after the date of receipt of request for expedited external review, the IRO will provide notice to you (or your authorized representative), Cigna and the Arkansas Department of Insurance of its decision. If initial notice is not in writing, within forty-eight (48) hours of the verbal notice, the IRO must provide written notification of the decision.

If the IRO decision reverses Cigna's adverse determination, Cigna must immediately approve the coverage under the terms of the health benefit plan.

If the IRO decision upholds Cigna's adverse determination, the IRO decision is binding on both Cigna and you, except to the extent you have other remedies available under state or federal law.

Once the IRO makes an external review decision, additional requests for external review for the same adverse determination may not be made.

Maximum Reimbursable Charge - Medical

The Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- a policyholder-selected percentage of a schedule that Cigna has developed that is based upon a methodology similar to a methodology utilized by Medicare to determine the allowable reimbursement for the same or similar service within the geographic market.

The percentage used to determine the Maximum Reimbursable Charge is listed in The Schedule.

In some cases, a Medicare based schedule will not be used and the Maximum Reimbursable Charge for covered services is determined based on the lesser of:

- the provider's normal charge for a similar service or supply;
- the amount agreed to by the Out-of-Network provider and Cigna; or
- the 80th percentile of charges made by providers of such service or supply in the geographic area where it is received as compiled in a database selected by Cigna. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used.

Definitions - Continued

A Prescription Drug Product or Medical Pharmaceutical considered by Cigna to be a Specialty Prescription Drug Product based on consideration of the following factors, subject to applicable law: whether the Prescription Drug Product or Medical Pharmaceutical is prescribed and used for the treatment of a complex, chronic or rare condition; whether the Prescription Drug Product or Medical Pharmaceutical has a high acquisition cost; and, whether the Prescription Drug Product or Medical Pharmaceutical is subject to limited or restricted distribution, requires special handling and/or requires enhanced patient education, provider coordination or clinical oversight. A Specialty Prescription Drug Product may not possess all or most of the foregoing characteristics, and the presence of any one such characteristic does not guarantee that a Prescription Drug Product or Medical Pharmaceutical will be considered a Specialty Prescription Drug Product. Specialty Prescription Drug Products may vary by plan benefit assignment based on factors such as method or site of clinical administration, or by tier assignment or utilization management requirements based on factors such as acquisition cost. You may determine whether a medication is a Specialty Prescription Drug Product through the website shown on your ID card or by calling member services at the telephone number on your ID card.
